Texts for the Scholarship languages speaking task

For 2009 Scholarship language examinations, both the texts and the related Notes space needed for the Speaking task are provided in a separate Resource Booklet. The actual questions, and the spaces for preparing Draft Responses remain in the Question Booklet. This will allow candidates to look at the text and their notes as they draft their speaking response without having to flip backwards and forwards in the Question Booklet.

Candidates may retain both Question Booklet and the Resource Booklet at the end of the examination.
